## FOUNDER'S MESSAGE

At Aggarwal Pipes, our journey has always been guided by a single principle – trust built on quality. Since inception, we have strived to deliver not just steel and piping solutions, but also long-lasting relationships with our valued customers.

Every product we supply reflects our commitment to durability, reliability, and excellence. Over the years, we have earned the confidence of contractors, builders, and infrastructure developers by ensuring timely delivery, consistent quality, and customer-first service.

Our vision is to continuously strengthen our role as a trusted partner in India's growth story by offering innovative, sustainable, and world-class piping solutions. With the support of our dedicated team and loyal customers, we are confident of building a future where Aggarwal Pipes remains synonymous with strength, trust, and integrity.

**Warm regards,**

**Lalit Vikram**

Founder, Aggarwal Pipes

## ABOUT US

At Aggarwal Pipes, we take pride in being one of the most trusted distributors and suppliers of premium-quality steel and piping solutions. Backed by years of industry experience, we cater to the needs of contractors, builders, and infrastructure developers across sectors. We offer a wide range of products, including ERW MS Pipes, GI Pipes, Steel Door Frames, Seamless Pipes, and Spiral Welded Pipes all sourced from reputed manufacturers to ensure top-notch quality and durability. Our focus is not just on supplying materials, but on building lasting relationships through transparent service, timely delivery, and consistent product availability.
